Third generation

Skovby's story began in 1933 in a small rural village in Denmark. Back then a talented young cabinetmaker with big dreams started a small-scale furniture production in his mother's home in Skovby. His name was Thorvald Rasmussen – and this was the beginning of what would eventually become Skovby Møbelfabrik A/S.

For Thorvald – and later his son Villy – there were many obstacles, but also many triumphs along the way, and slowly but surely the company expanded and grew. Today Skovby is owned by third generation and grandsons Preben and Jørgen Rasmussen and the furniture is still designed and produced locally – in the heart of Denmark – in Skovby, where it all began.

Ein talentierter junger Tischler mit großen Träumen begann damals im Haus seiner Mutter in Skovby eine kleine Möbelproduktion. Sein Name war Thorvald Rasmussen – und dies war der Beginn von Skovby Møbelfabrik A/S. Für Thorvald – und später seinen Sohn Villy – gab es viele Hindernisse, aber auch viele Tri-

Tables #140, #141, #142, #143

The whole concept behind this table design revolves around the distinctive gable detail adorning the ends of the tabletops - an element, which challenges the natural grain of the wood, imparting a sense of honesty to both the construction and the material itself.

Making it possible to choose between a fixed and extendable top, this design boasts countless possibilities.
