A large diagram showing a cylindrical component 'f' with a threaded top. A vertical dimension line indicates a length of 120mm. To the right, two inset diagrams show correct and incorrect assembly methods. The first inset, marked with an 'X', shows a component being inserted without the correct alignment. The second inset, marked with a checkmark, shows the component being inserted correctly. Below these, a large exclamation mark in a circle is shown, and a hand is shown holding the component.
